PRODUCT HISTORY

Designed initially for a French Army tender dedicated to technical underwear, the 4-FIRE FLEX AS 200 enlarges our T-FIRE ® range with a comfortable thermostable knit based on aramid.

KEY FEATURES / BENEFITS

FEATURES

Aramid content

Interlock and Stretch

LENZING™ FR Viscose FR

BENEFITS

Permanent flame-retardant protection with strong mechanical properties.

Construction designed for underwear, delivering a second-skin feel. It adapts seamlessly to the wearer's movements. The addition of elastane helps maintain shape and prevents bagging.

Breathability and excellent moisture management due to FR viscose by LENZING™.
