

STYLE:
COMMANDER AS

BLEND: 48% MAC / 32% Cotton / 18% PES / 2% Negastat®
WEIGHT: 360 g/m²
KNITTING ART: Brushed polar fleece

PRODUCT HISTORY

COMMANDER AS is a polar fleece with a double-layer construction and a central polyester layer integrating antistatic threads, allowing brushing on both sides for enhanced thermal insulation and comfort.

KEY FEATURES / BENEFITS

FEATURES

Unique polar fleece construction

Multirisk

Industrial washing

BENEFITS

Fleece is usually brushed on both sides for better insulation, ideal for outdoor use. Available in 1-side (G1) or 2-side (G2) brushed versions for increased insulation while retaining antistatic properties in the central layer.

Suitable to protect workers on a large variety of industrial environments.

Enhanced dimensional stability, fully suitable for industrial laundering.

RISKS / STANDARDS

EN 14116 Index 3
 EN ISO 11612 A1 B1 C2 F1

EN 1149-5

IEC 61482 1-1, IEC 61482 1-2

EN ISO 20471
 High-visibility yellow

APPLICATIONS

Petrochemical & refineries
 Railways

Maintenance works
