

**BLEND:** 37% PES FR / 37% MAC / 25% Co / 1% AS  
**WEIGHT:** 330 g/m<sup>2</sup>  
**KNITTING ART:** Fleece

**PRODUCT HISTORY**

ELITE AS is designed to provide heat and flame protection in cold and mid-season conditions. It offers protective knitwear for cooler climates. Launched in 2023, it follows SWAT AS (2021).

**KEY FEATURES / BENEFITS**

**FEATURES**

Double face fleece

Clearstat®

Industrial washing

**BENEFITS**

Featuring a PES FR outer face and a MAC/CO inner face, this fabric enables a multi-risk solution with High-Visibility options for a wide range of applications.

Clean product-look, no horizontal stripes visible; No AS performance loss after washes. No grounding necessary.

Fully suitable for industrial washing with tumble drying.
