

**BLEND:** 46% PES FR / 21% MAC / 16% CV FR / 16% Lyocell (TENCEL™) / 1% AS  
**WEIGHT:** 260 g/m<sup>2</sup>  
**KNITTING ART:** Double face piqué

**PRODUCT HISTORY**

Originally developed for hot-season requirements, SWAT AS was launched in 2021. The new SWAT AS EVO, unveiled at A+A 2025, offers improved comfort and sustainability.

**KEY FEATURES / BENEFITS**

**FEATURES**

 **Tencel™**  
**LENZING™ FR** Sustainable content in the blend

 **CLEARSTAT®** Clearstat®

 Industrial washing

**BENEFITS**

Greater breathability and moisture absorption: softer hand of the knit fabric thanks to the Viscose FR by LENZING™ and Lyocell (TENCEL™).

Clean product-look, no horizontal stripes visible; No AS performance loss after washes. No grounding necessary.

Suitable for industrial laundry and rental

**RISKS / STANDARDS**

 EN 14116 Index 3  
 EN ISO 11612 A1 B1 C1 F1

 EN 1149-5

 IEC 61482 1-2, IEC 61482 1-1

 EN ISO 20471  
 High-visibility yellow  
 High-visibility orange
